ON-TIME DEPARTURE IS ESSENTIAL TO YOUR BUSINESS

SR Technics is a partner that works with the industry's key aircraft families to provide the best-in-class experience for the major airlines in the world.

We perform more than 120,000 events each year across the line network in Switzerland, Spain and the UK, with our largest facilities in London Gatwick, Geneva and Zurich. Our Line Maintenance team continuously gains experience with new-technology aircraft like the Airbus A350, A380, Boeing 787 and Boeing 777.

WORLDWIDE
SUPPORT

24/7 YEAR-ROUND SERVICE

How we add value:

- › Headquarters in Zurich, Switzerland
- › Over 100 line maintenance customers globally
- › Over 400 line maintenance employees in Europe
- › Proven track record in attaining the highest technical dispatch reliability
- › Optimized engineering and troubleshooting for daily maintenance
- › Fast MRO response guaranteed for AOG situations
- › Logistics services provides global access to critical components
- › International Airlines Technical Pool (IATP) associated member

About SR Technics

SR Technics is a world leading MRO service provider backed by more than 80 years of operational experience.

Headquartered at Zurich Airport, we serve around 500 customers worldwide with comprehensive services for the technical support and management of their aircraft fleets, engines and components. This is coupled with extensive engineering know-how, 24/7 worldwide component availability, broad technical training offerings and cabin modification services.
