BUNDLED ONE-STOP-SHOP SOLUTIONS DESIGNED FOR CHANGES IN AIRCRAFT OWNERSHIP

Lease-end Transitioning Services (LETS) is a product developed in cooperation with the Dutch company Aviation Cosmetics. This novel set of bundled services responds to an increasing demand among leasing companies for one-stop-shop solutions designed with aircraft changes of ownership in mind.

The service is available for the Airbus A319, A320 and A321 at the SR Technics Malta facility and as single integrator for the Airbus A330, A340 and for the Boeing 777 at the company's Zurich facility in Switzerland.
