UNCOMPROMISING  
STANDARDS

### About SR Technics

SR Technics is a world leading MRO service provider backed by more than 80 years of operational experience.

Headquartered at Zurich Airport, we serve around 500 customers worldwide with comprehensive services for the technical support and management of their aircraft fleets, engines and components. This is coupled with extensive engineering know-how, 24/7 worldwide component availability, broad technical training offerings and cabin modification services.
